

Integra

Dual Speed Polisher

Handle Easily Adjustable

The handle can be adjusted, making the operating of this machine easy and comfortable. The lever is within easy reach to adjust height throughout the task without having to bend. (*excluding LA models)

Rotationally Molded Base

Reduces noise, increases stability and is extremely durable. This polyethylene base has a pebbled surface, impervious to chemicals.

Easy to Operate Trigger

Designed to offer the maximum comfort throughout the operation. The simple two-finger operation reduces operator fatigue. This two-piece retrofit assembly is easy to replace.

Specifications

	Integra Dual Speed	
Model Number	19914 (17"TX) 19915 (19"TX)	19934 (17" LA) 19935 (19" LA)
Base Size	17" or 19" (43 cm or 48 cm)	
Speed	175-320 rpm	
Motor Power	Permanent Magnet, 1.5 hp (3200 rpm)	
Volt	115 AC

Simple

Very easy to use and quick to learn. A new operator of the machine can become proficient within minutes!

Optimum Performance

Designed for optimum performance and increased productivity, while driving down the cost to clean. At high speed, it allows polishing of floors through spaybuff. At low speed, one uses it to strip, scrub, clean carpets or clean ceramic with a brush.

Green - Scrubbing*
17" - Code: 42058
19" - Code: 42060

Black - Stripping*
17" - Code: 42012
19" - Code: 42014

Blue - Cleaner*
17" - Code: 42081
19" - Code: 42083

*Also compatible with the Integra TX Single Speed.
