## 3M™ Melamine Floor Pads

For a deeper

longer-lasting clean

### Deep cleans and restores up to 5 times more floor

Specially designed for use on stone, concrete, VCT, marble and other porous floor surfaces, 3M™ Melamine Floor Pads make light work of ingrained dirt, and unsightly scuff marks. This highly effective pad will clean most dirt and marks with water alone, and for more stubborn marks with a mild detergent. They will go on working up to 5 TIMES LONGER than competitive pads, resulting in significant cost savings.

- Highly effective for daily, deep and spot cleaning
- Cleans up to 5 times more floor than other melamine pads currently on the market
- Ideal for modern micro-porous floor surfaces such as ceramic, terracotta, marble and concrete, and used in environments such as shopping centre, swimming pools and warehouses
- Environmentally preferable - no cleaning additives or chemicals required

Simply unbeatable. The new 3M™ Melamine Floor Pad

# 3M™ Melamine Floor Pads – for a deeper, longer-lasting clean

3M™ Melamine Floor Pads are the latest development in high-performance floor cleaning from the world's No. 1 floor pad manufacturer and supplier.

Suitable for use with single-disc cleaning machines and scrubber driers, they are designed for deep and maintenance cleaning of a wide range of modern, micro-porous floor surfaces, including ceramic tiles, terracotta, stoneware, polished concrete, VCT, marble and terrazzo.

## Simply unbeatable. The new 3M™ Melamine Floor Pad

In laboratory tests 3M™ Melamine Floor Pads have been proven to outperform conventional unstructured melamine pads:

- Goes on cleaning for up to 5 times longer on smooth and rough floor surfaces
  - Cleans up to 1000m<sup>2</sup> for single disc cleaning machines\*
  - Cleans up to 10,000m<sup>2</sup> for scrubber driers\*
- Improved cleaning performance in both wet and dry conditions
- Enhanced gloss and shine protection
- Less friction = reduced noise

\*Depending on the floor structure and technique of individual users

## Built-in durability

3M™ Melamine Floor Pads are uniquely formulated from high-strength melamine foam, bound with adhesive to dramatically improve their abrasive strength and durability. The open cell structure penetrates deeply into micro-porous floor surfaces, absorbing dirt and water and erasing unsightly marks without damaging floor protection.

## Flexible and easy to use

Flexible and easy to use, the pads can be applied wet or dry, with or without cleaning additives, to produce clean, residue-free surfaces, and restore shine to protected floors.

- Ideal for cleaning large surface areas
- Eraser-like effect on stubborn black marks
- Cleans effectively with water alone
- No need to clean the melamine pads between uses
- Available in a variety of sizes
- Fits all standard pad holders

## Ordering information

Product description	Order number
3M™ Melamine Pad 330 mm	MEL330
3M™ Melamine Pad 370 mm	MEL370
3M™ Melamine Pad 410 mm	MEL410
3M™ Melamine Pad 430 mm	MEL430
3M™ Melamine Pad 508 mm	MEL508

There may be some visible differences between pads in the amount of grey versus white but this will not affect the pad performance
