(poster not included)

- Waste container for 9P700813 floor stand

Item

9P700813-1

Pack

Case Pack: 1 each

AHP Indicator Strips

- AHP100
- AHP500

Item

950045

Pack

100 indicator strips

950046

100 indicator strips

AHP-100 and AHP-500 AHP Hydrogen Peroxide Indicator Strips

AHP Indicator Strips are easy to use "dip-and-read" reagent strips used to determine the PPM of hydrogen peroxide active in an AHP dilutable solution to ensure the solution is correctly diluted prior to use. The AHP indicator cannot be used to validate the disinfection or sanitation process nor are they meant to extend the diluted solutions beyond their shelf life.

Product	Dilution	Application	Hydrogen Peroxide at Dilution	Test Strip
Oxivir® Five 16 Concentrate	1:16	Disinfectant	2500 PPM	AHP-500
	1:64	Virucidal	700 PPM	AHP-100 or AHP-500
	1:128	Sanitizer	350 PPM	AHP-100

The well-being of people everywhere depends on a sustainable world. Sealed Air's Diversey Care Division offers solutions for infection prevention, kitchen hygiene, fabric care, building care and consulting. Our solutions protect brands, deliver efficiency, improve performance for our partners in health care, food service, retail, hospitality and facility services. Our leading expertise integrates product systems, equipment, tools and services into innovative solutions that reduce water and energy usage and increase productivity. By delivering superior results, we help create profitable sustainable enterprises for a cleaner, healthier future.
