

Ditch the mop –
And get shiny floors in no time!

MICRO-5

Micro Scrubber Dryer
Code: 19376-C-L

Reduce your total cost of ownership
by reducing labour and cleaning time.

OUR FIRST REVERSE-DRYING FLOOR CLEANER!

Perfect drying in every direction – even in reverse! The patent-pending RDS (Reverse Dry System) Technology allows you to clean and dry all those hard to reach places your larger cleaning machine simply cannot reach, even under furniture. Get cleaner, dryer, more hygienic floors while reducing slip and fall accidents by scrubbing and drying at the same time, and picking up water in all directions.

FORWARD DRYING

1. Rear squeegee down
2. Suction only on rear squeegee
3. Front squeegee lifted (without suction)

REAR DRYING

1. Automatic lift of rear squeegee
2. Suction only on front squeegee
3. Lowering of front squeegee

Toss Away That Mop!

It's time to swap out your mop for this micro scrubber dryer. Compact and highly maneuverable, the Micro-5 is ideal for scrubbing tight corners and under furniture. It is the perfect alternative to mopping while ensuring a cleaner and more sanitary environment.

OUR MOST SILENT FLOOR CLEANER

When the ECOSELECT mode is activated, the noise levels are reduced by 1 dB, to a low 62 dB. This allows for daytime cleaning, whenever and wherever, even in noise sensitive areas.

You Can Carry It!

Weighing in at only 44 lbs and featuring an ergonomic handle to facilitate its use on different floors, even when there is no elevator.

With its foldable handle, it can be stored away without needing much space in a few seconds and can even be transported by one person to different sites using a passenger vehicle.

Powered by a Lithium-Ion Battery

The Micro-5 is powered by a lithium-ion battery that can be recharged in one hour, either onboard or externally, optimizing working time. This battery is completely maintenance-free and offers a life several times longer than AGM batteries.

The standard battery included with the Micro-5 allows for 50 minutes of running time (2 working shifts), or get up to **75 minutes of running time with our optional 36 V/ 8.2 Ah battery (sold separately).**

LESS ENERGY. HIGHER PRODUCTIVITY. LESS NOISE.

ECOSELECT mode allows you to decrease energy consumption and increase the running time up to 20% in everyday cleaning operations. Noise levels are lower than 1 dB allowing cleaning operations even in areas where silence is required. Programmed maintenance time gaps are longer with consequent cost reduction.

Micro Scrubber Dryer

Put Away Your Mop

Compact and highly maneuverable, the Micro-5 is ideal for scrubbing tight corners and under furniture. It is the perfect alternative to mopping while ensuring a cleaner and more sanitary environment. The Micro-5 weighs in at only 44 lbs and features an ergonomic handle to facilitate its use on different floors, even when there is no elevator. With its foldable handle, it can be stored away without needing much space, and can even be transported to different sites using a passenger vehicle. These features make it the perfect tool for the foodservice industry or cleaning contractor and for all areas where it is necessary to clean up to 900 m².

Reverse Dry System

Perfect drying in every direction – even in reverse! The patent-pending RDS (Reverse Dry System) Technology allows you to dry places other scrubbers can't reach.

Productive and Silent

Offers great performance and productivity that is guaranteed for 50 minutes of runtime. Thanks to an innovative system of soundproofing, the Micro-5 allows the operator to work in sensitive areas because the ECOSELECT function reduces the noise level of 1dB.

Specifications	Micro-5
Model Number	19376-C-L
Productivity (<i>Theoretical at max speed</i>)	9688 ft ² /hr (900 m ² /hr)
Scrubbing Width	11" (28 cm)
Squeegee Width	12" (30 cm)
Numbers of brushes	1 x 11" (1 x 28 cm)
Brush/Pad Speed	160 rpm
Brush Motor Power	100 W
Brush Pressure	22 lbs (10 kg)
Motor Type	Single-stage (160 W)
Water Lift at Squeegee	20" (50.8 cm)
Traction Motor	No
Solution Tank Capacity	1.3 Gal (5 L)
Recovery Tank Capacity	1.3 Gal (5 L)
Power Supply	36 V / 5.5 Ah (Lithium Battery)
Maximum Speed	3 km/h
Weight (<i>With Battery</i>)	43.7 lbs (19.8 kg)
Unit Size (<i>L x W x H</i>)	30" x 14.5" x 15" (75.8 x 38 x 39 cm)
Run Time	50 minutes (75 minutes with the optional battery)
Noise Level (<i>ECOSELECT Mode</i>)	63/62 dB
Approval(s)	N/A
