
Static Attack Electrostatic Dusting Sheets

Static Attack dusting sheets clean with electrostatic charge, attracting dust and fine particles.

Harness the power of electrostatic charge with M2's Static Attack sheets, designed to attract and capture fine dust and particles like a magnet. Each case contains 200 high-quality dusting sheets, providing ample supply for your cleaning needs. The 23.6" x 8" format offers generous coverage, making dusting large areas a breeze. For added convenience, these sheets are designed to be used with the [Static Attack Mop frame and aluminum telescopic handle](#), creating a seamless and efficient dusting experience. Perfect for facilities where cross-contamination is a concern, these sheets provide an effective and hygienic solution. For optimal results, it is recommended to use one sheet per room, ensuring thorough and efficient dusting. These dusting sheets find their ideal application in hospitals, nursing homes, office buildings, classrooms, and stores. Say goodbye to the hassle of laundering, as these single use sheets eliminate the need for washing after use, saving time and effort.

Upgrade your dusting routine with M2 Static-Attack Electrostatic Dusting Sheets. Whether you're cleaning in a medical setting,

educational institution, or commercial establishment, these dusting sheets are your reliable partner for dust-free, spotless and contaminant-free environment.
